## IS PLANNING THE CAREER FOR YOU?

Are you interested in positive social, economic, environmental, and physical change?

Do you want to work with people from various backgrounds to develop a better community?

Do you like to communicate with others about ideas, programs, and plans?

Are you challenged by complex problems—and excited about devising solutions to those problems?

Do you think about **the future**—about what *could be*—rather than about what is?

**If you answered “YES” to any of these questions, you should seriously consider becoming a planner!**
