EDUCATION

Stanford University, Ph.D., Emmett Interdisciplinary Program in Environment and Resources with Sociology Minor (Stanford, California, 2004-2010)

- Area of Specialization: Environmental Planning, Social Movements, Energy

Rice University, B.A., Environmental Engineering and Political Science - Phi Beta Kappa, Summa Cum Laude (Houston, Texas, 1997-2001)

RESEARCH EXPERIENCE

Postdoctoral Scholar, Stanford Prevention Research Center (Stanford University, 2010-present)

Collaborators: Nicole Ardoin, Carrie Armel, Thomas Robinson

- Develop energy-efficiency intervention for youth and family audiences based on behavioral science principles, using web- and activity-based pedagogies.
- Implement randomized controlled trial of intervention with 30 Girl Scout troops in Northern California (n = 320) to test the intervention's efficacy in reducing residential energy use.

Director of Research, Millennium Alliance for Humanity and the Biosphere - MAHB (Stanford University, 2011-present)

Collaborators: Paul Ehrlich, Eugene Rosa

- Aid in organizational development to encourage collaboration among social and natural scientists on pressing environmental issues.
- Create organizational research program and secure funding and resources to implement rigorous research agenda.

Co-Principal Investigator with Doug McAdam, Comparative Case Analysis of Public Opposition to Infrastructure 'Siting' Decisions (Stanford University, 2008-2010)

- Awarded \$199,235 grant from National Science Foundation.

Doctoral Research, *Contentious Politics in Liquefied Natural Gas Facility Siting*, Emmett Interdisciplinary Program in Environment and Resources (Stanford University, 2004-2010)

Advisors: Doug McAdam, Leonard Ortolano

PUBLICATIONS

Boudet, H. S. (in press). From NIMBY to NIABY: Regional mobilization against liquefied natural gas facility siting in the U.S. *Environmental Politics*.

McAdam, D. and H. S. Boudet (in press). *Putting social movements in their place: Explaining opposition to energy projects in the United States, 2000-2005*. Cambridge University Press.

Boudet, H. S. and L. Ortolano (2010). [A tale of two sitings: Contentious politics in liquefied natural gas facility siting in California](#). *Journal of Planning Education and Research* 30(1): 5-21.

Boudet, H. S., D. Jayasundera and J. Davis (2011). [Drivers of conflict in global infrastructure projects](#). *Journal of Construction Engineering and Management* 137(7): 498-511.

McAdam, D., H. S. Boudet, J. Davis, R. J. Orr, W. R. Scott, and R. Levitt (2010). 'Site fights': Explaining opposition to pipeline projects in the developing world. *Sociological Forum* 25(3): 410-427. Reprinted in [Global Projects: Institutional and Political Challenges](#). Ed. W. R. Scott, R. J. Orr and R. E. Levitt. Cambridge University Press (2011).

Boudet, H. S. (2009). "Aldrich, Daniel P. 2008. Site fights: divisive facilities and civil society in Japan and the West" (Book Review). *Environmental Politics*, 18(2): 307-8.

WORKS IN PROGRESS

Boudet, H. S. (revise and resubmit). An "insiteful" comparison: Contentious politics in liquefied natural gas facility siting in the U.S. *Journal of Planning Education and Research*.

Wright, R. L. and H. S. Boudet (revise and resubmit). Through rose-colored glasses: Community context and response to proposals for energy facilities. *American Journal of Sociology*.

AWARDS, GRANTS, FELLOWSHIPS

National Science Foundation; Science, Technology & Society/Sociology (\$199,235), 2008-2010
American Sociological Association Travel Grant to World Congress of Sociology, 2010
Center for the Study of Social Movements Young Scholars Conference, 2010
Journal of Planning Education and Research Writing Workshop for New Scholars, 2009
European Consortium for Political Research Environmental Politics Summer School, 2008
Stanford University Center on Philanthropy and Civil Society Graduate Fellow, 2007-2008
David and Lucile Packard Foundation Stanford University Graduate Fellow, 2004-2007

TEACHING EXPERIENCE

Lecturer, Sustainable Cities, Urban Studies Program (Stanford University, 2011, 2012)

- Developed and taught new course (URBANST 164 Sustainable Cities), including lecture component and service learning projects with Redwood City partners.

Course Developer and Teaching Assistant, Research Approaches for Environmental Problem Solving - Faculty Instructor: Leonard Ortolano (Stanford University, 2008)

Course Developer, Designing Environmental Research - Faculty Instructor: Jenna Davis (Stanford University, 2006)

Teaching Assistant, Environmental and Energy Policy Analysis - Faculty Instructors: Larry Goulder, James Sweeney (Stanford University, 2006)

ACADEMIC SERVICE

Reviewer, National Science Foundation (Sociology Program), 2011

Reviewer, *Journal of Planning Education and Research*, 2009-present

Reviewer, *Mobilization*, 2010-present

Member, American Sociological Association Climate Change Task Force, 2011

Co-Chair, First Annual Young Environmental Scholars Workshop, Woods Institute for the Environment, Stanford University, 2008
Chair, Earth Sciences Graduate Student Advisory Committee, Stanford University, 2005-2006

RELEVANT WORK EXPERIENCE

Senior Project Engineer, ExxonMobil Development Company (Houston, Texas, 2001-2004)

- Managed research and writing of socioeconomic sections for environmental impact assessments and management plans for the Sakhalin-1 Project on Sakhalin Island, Russia.
- Planned and facilitated associated public consultation program.

SELECTED CONFERENCE PRESENTATIONS

Boudet, H.S. and D. McAdam (2011). Does Opposition Matter? Mobilization and Project Outcome in Energy Facility Siting. Presented at American Sociological Association Annual Meeting (Las Vegas, Nevada).

Boudet, H.S. and R.L. Wright (2011). Through rose-colored glasses: Community context and response to proposals for energy facilities. Presented at American Sociological Association Annual Meeting (Las Vegas, Nevada).

Boudet, H.S., T.R. Robinson, J. Flora, N. Ardoin and C. Armel (2011). Changing behavior to combat climate change: The Girl Scouts Girls Learning Environment and Energy (GLEE) Program. To be presented at American Collegiate Schools of Planning Conference (Salt Lake City, Utah) and Behavior, Energy and Climate Change Conference (Washington, DC).

Boudet, H. S. (2010). From NIMBY to NIABY: Regional mobilization against liquefied natural gas facility siting in the U.S. Presented at Center for the Study of Social Movements Young Scholars Conference (South Bend, Indiana) and American Sociological Association Annual Meeting (Atlanta, Georgia).

Boudet, H. S. (2010). An *insiteful* comparison: Contentious politics in liquefied natural gas facility siting in the U.S. Presented at American Sociological Association Annual Meeting (Atlanta, Georgia) and Association of Collegiate Schools of Planning Annual Meeting (Minneapolis, Minnesota)

Boudet, H. S., D. Jayasundera and J. Davis (2010). Drivers of conflict in global infrastructure projects: Experience from the water and pipeline sectors. Presented at World Congress of Sociology (Gothenburg, Sweden).
