

# Oklahoma State University Faculty Salary Studies 2000-2001

Oklahoma State University prepares a national study of faculty salaries annually. The data are presented by discipline and rank. Please note that these data are NOT those collected in the ACSP Institutional Data Project. Those data will be separately reported at a later date.

The Urban and Regional Planning data are based upon 20 state and/or land-grant institutions participating in the OSU study that have faculty categorized in the C.I.P. code: 040301: City/Urban, Community and Regional Planning. Salaries reported are 9 (or 10) month salaries for the 2000-2001 academic year for faculty listed in C.I.P. 040301. Three sets of data are provided: 1) all institutions; 2) Carnegie Research I institutions; and 3) Carnegie Research II institutions.
